

Do it for Jeanie (1991-2011)

Declaration of Coexistence

I, _____, vow to coexist with bears.

I will do my part by following these guidelines:

I will keep the patio and perimeter of the restaurant clean and attractant-free, and bring in food deliveries promptly. I will know what to do if a bear approaches the restaurant, and act accordingly.

I will keep all bear attractants secure and inaccessible to bears – 24/7. This means securing all used fryer oil, garbage facilities, compost, and recycling.

I will keep bears safe and out of the restaurant by keeping all doors, windows, and loading bays inaccessible to bears at all times.
